ABOUT ME

Hi, I'm **Rakib Mahmud** PHP programmer with **3 years of experience** in the professional field.

I have a deep understanding of PHP language fundamentals, **object-oriented programming principles,** and **database design.** I am also proficient in front-end technologies such as HTML, CSS, **JavaScript**, **Vue.js**, React.js, and **jQuery**, which allows me to create responsive and user-friendly interfaces.

I am always eager to learn and stay up-to-date with the latest technologies and trends in web development. I am a team player with strong communication skills and have worked in various cross-functional teams, **collaborating with designers, developers, and project managers to deliver high-quality solutions.**

EDUCATION

Studying at Juranpur University (BBA Accounting Department Final Year)

WORK EXPERIENCE

2020 – 2023 (Star-communication)

Basically, I am backend developer at star-communication and many software develop by PHP and MySQL. I fill like to using PHP object oriented design pattern any project.

2023 Runing (NavieaSoft Ltd)

As a Laravel developer (Internship 3 Month) at a company, gaining experience in web project development. I developed new features following Laravel's best practices and assisted the team. I also worked on API development using Laravel and used version control systems for code management
